Third Reich Munich Secrets of the Nazi Capital

Hitler's rise to power was centered in and around Munich. He later called it the "Capital of the Movement". Examine the founding of the Nazi Party and the infamous streets where some of the darkest stories of human history took root and grew into Hitler's dictatorship. Munich has emerged from the rubble of WWII and tried to move on. Our expert guides reveal the traces of the past and the irrevocable scars left behind.

Dachau Munich's Concentration Camp Memorial

Soon after the Nazis took power, the future head of the SS (Heinrich Himmler) ordered the construction of Dachau to serve as a prison for political (and later social and ethnic) enemies of Nazi Germany. By the time American soldiers liberated the camp in 1945, more than 40,000 people had lost their lives to the camp's deadly conditions and the guards' brutality. Memorial personnel will provide a two hour tour, after which you will have time to explore aspects of the camp that most interest you.
